Instructions for use

It is important to read this leaflet carefully before using Lumecare® Hyromellose Eye Drops 0.3%w/v Preservative Free. The information provided summarises the important points about the product but if you have any further questions then please ask your doctor, pharmacist or optician.
For further advice and information about Lumecare® eye care range and dry eye sensation, including a user forum visit www.lumecare.co.uk

What is Lumecare® Hyromellose Eye Drops 0.3%w/v Preservative Free?

Lumecare® Hyromellose Eye Drops 0.3%w/v Preservative Free is an ophthalmic solution of 0.3% w/v Hyromellose.

Hyromellose is a polymer with wetting and viscoelastic properties that protect and lubricate the ocular surface reducing discomfort sensation.

Composition

Hyromellose 0.3% w/v; Sodium Chloride; Potassium Chloride; Borax; Boric Acid; Water for Injection.

How is it presented?

Lumecare® Hyromellose Eye Drops 0.3%w/v Preservative Free is presented as an ophthalmic solution in 30 x 0.5ml re-closable singles.

When should it be used?

The soothing and lubricating qualities of Hyromellose are used to relieve ocular discomfort and irritation associated with dry eyes and environmental factors such as wind, salt water, smoke, or computer work.

The product is preservative-free and can be used with all types of contact lenses.

A few drops on contact lenses before insertion will make them feel more comfortable.

How much to use?

1 drop in the eye 2-3 times daily, according to necessity.

Precautions and warnings

- The product is for external ophthalmic use only.
- After administration, in rare cases, a slight temporary blurring of vision may be observed due to the viscosity of the solution. It is therefore advisable to wait for a few seconds before any activity that requires clear vision.
- Leave at least 10-15 minutes between administration of Hyromellose 0.3% w/v and any other ophthalmic drugs.
- Do not use if the container is damaged.
- Do not touch the eye with the tip of the container.
- Discard the container appropriately after use.
- Keep out of the reach and sight of children.
- Do not swallow.
- Store below 25°C.
- Do not use if you are allergic to any of the components.
- Do not use after the expiry date shown on the container.
- Once opened each vial can be used for up to 12 hours.
